

*Greed. Lust. Ambition. Betrayal. Blood.*  
*The dramatic life of Elizabeth of York.*

My Dear Readers,

I'm back with a new book due out December 2nd-- just in time for Christmas! **THE KING'S DAUGHTER: A NOVEL OF THE FIRST TUDOR QUEEN** is about Elizabeth of York who you may remember closed out the epilogue in the last book of *The Rose of York* trilogy. You may think there's not much more to learn about her than what you already know, but new details and research have shed light on this forgotten queen. Her story is *amazing* -- and shocking!

What intrigued me most about Elizabeth before I began my research was how much mystery clings to her-- how little is really known about her. How can this be? Sister to the Princes in the Tower and mother of Henry VIII, the first Tudor queen lived at the epicenter of momentous events. So why does she hover barely visible on the fringes of history?

In fact, so little was known about her that her biographer had to resort to novelistic techniques in order to fill in the gaps of her life--the first time this was ever done! So I went researching, and slowly I found the clues I needed to explain the questions that troubled me.

Some of the questions were addressed in Richard's story, *The Rose of York*, but others are downright curious. For example, why has so little survived of Elizabeth when so much is known about her husband, Henry VII, her son Henry VIII, and even her mother-in-law, Margaret Beaufort? Did the Tudors keep her captive, and why should she be a threat to them? Did she believe the Pretender, Perkin Warbeck, was really her lost brother, Richard, Duke of York--and was Henry VII in love with the Pretender's wife?

I've included some reviews for you below. I hope you will read **THE KING'S DAUGHTER** and remember that it makes a great Christmas gift for family and friends who enjoy historical fiction. Write me when you've read it! You know how much I love hearing from you. Meanwhile, if you're in the Houston area, I hope you can stop by one of my two book signings so I can sign it for you. The information is below. I hope to see you there.

**Wishing you a Merry Christmas, Season's Greetings,  
and a very, very Happy New Year!**
